

SupaCula™

Musical Instrument Product Guide, 2021

THE BAND

The luckiest thing that ever happened for these four amazing characters is they found each other. Four unique and different personalities coming together to make something very special – A fun and distinctive musical vibe that embraces us all and helps us smile and groove to a positive beat.

SupaCula know how important music is in our world and therefore is dedicated to making the finest musical instruments for both the student and professional knowing that every note counts!

LOLA

Sassy and stylish, smart and warm. Lola is no diva, nor demanding. She is the coolest type of pop star, a voice for her time. A confident dedicated musician who wants to change the world for all the right reasons.

The atmosphere in the room changes as Lola enters, we gravitate to her as her friendliness is addictive and her love for music and people has an almost healing affect.

Cool and unique, she creates her own style and walks with the ease of a modern young lady on a mission and with purpose.

BUBBA

Calm and cuddly, funny and laid back. He brings a relaxed and easy vibe to band life.

Bubba always see the upside, the best in people and in his relaxed way is super positive. Fans line up for a cuddle and his personality is in his music with naturally cool and groovy bass lines –

SUPO

An aristocrat of Rock-n-roll, iconic and ice cool. Supo was born to be on stage and shines when he begins to play.

His guitar is an extension of himself, it is his voice, his love and how he communicates.

Lola and Supo are a great team, dynamic and cooler than ice cream. They live to play, write songs and both have their very own style.

IGGIE

Diligent and hardworking, reliable and always on time which is a great asset for a drummer!

Iggie is the backbeat of SupaCula, driving the music along with precision and groove, she never misses a beat and always wants to play....like ALWAYS wants to play.

She is the perfect balance to Bubba's easy vibe and together they are the perfect rhythm machine making people dance and smile.
